## CINCPAC INSTRUCTION 3810.22B

Subj: PACOM Theater Intelligence Data System-Coordinating Committee  
(PACTIDS-CC)

Ref: (a) CINCPACINST 3810.2B

1. Purpose. To define the purpose and responsibilities of the PACOM Theater Intelligence Data System-Coordinating Committee (PACTIDS-CC), formerly known as the PACOM Intelligence Data Handling System (IDHS) Coordinating Committee (PICC). This instruction is completely revised.

2. Cancellation. CINCPACINST 3810.22A.

### 3. Background

a. The cancelled Headquarters CINCPAC instruction provided guidelines for the establishment of the PICC and its role in assisting senior IDHS managers throughout PACOM. The PICC functioned in an environment which was dedicated to enhancing the Intelligence Data Handling System Communications (IDHSC) and the Community On-Line Intelligence System (COINS II) networks in PACOM, adding a number of new users, and updating/standardizing equipment. The PACOM Theater Intelligence Data System (PACTIDS) concept greatly expands the scope of theater Automatic Data Processing (ADP) initiatives.

b. The PACTIDS is a concept to plan and guide the orderly development and interface of automated intelligence systems in PACOM. PACTIDS planning reflects theater systems approach for the evolutionary progression of existing and planned ADP systems into a federation of cohesive, integrated and inter-operable theater-wide automated intelligence organizations, data systems and communication networks.

### 4. Discussion

a. The PACTIDS-CC is a PACOM Intelligence Management Action Group (MAG), and is established by reference (a) to assist in coordinating management responsibilities of PACOM automated intelligence programs and resources. This will be accomplished by the coordinated implementation of the PACTIDS goals and objectives.

b. This committee is charged with reviewing and coordinating theater automated intelligence requirements, plans and initiatives, and recommending appropriate methodology to ensure achievement of objectives delineated in the PACTIDS Master Plan.

c. Ad hoc study groups and other support working groups will be formed through the PACTIDS-CC. Reports will be made to the PACOM Intelligence Board (PIB) in order to focus resources and command attention on coordinated activities.

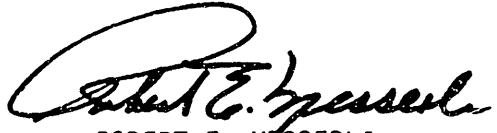

CINCPACINST 3810.22B  
16 August 1982

5. Composition. This committee will be composed of representatives from the automated intelligence support offices of Headquarters CINCPAC, Commander in Chief U.S. Pacific Fleet, Commander U.S. Army Western Command, Commander in Chief Pacific Air Forces, Commander Intelligence Center Pacific, Commanding Officer, Fleet Intelligence Center Pacific, Commander U.S. Army INSCOM Theater Intelligence Center-Pacific. The Headquarters CINCPAC representative will serve as committee chairman. Participation by subordinate unified commands will normally be through comments and recommendations furnished to the committee chairman.

6. Action

a. Meetings of the PACTIDS-CC will normally take place bimonthly or as specified by the chairman.

b. The chairman, PACTIDS-CC, will submit a report of each meeting as required by reference (a).

ROBERT E. MESSERLI  
Major General, USAF  
Deputy Chief of Staff
